CHAFFEY ELECTION

There are just a couple more days left before voters in the Chaffey district must decide what two men they are going to elect to the Chaffey school board. In the opinion of this department, the irregardless of what statements are issued by the candidates, the question for the electors comes down to this:

Do they like the way in which Chaffey affairs have been run or not?

If they do, they know how to vote. If they don't, there, too, the answer is clear. Two candidates in particular have come out definitely in favor of some changes while the others apparently would continue similar policies. Your vote will decide which way Chaffey is going to go in the future.

MACLEAN VARIETY

When Speedy Jones, Noel Wilson and Eddie MacLean went fishing recently, they had no idea they were going to bring into a being a new specie of fish. But MacLean is one guy who isn't very happy about it all, even though it was decided to name the "poor fish" after him."

What happened was that Wilson in his enthusiasm to catch one cast a little too eagerly and caught something he hadn't counted on. He stuck the hook right into the back of Eddie MacLean!

Remembering that in the old days the barbers used to be the surgeons, Speedy immediately rose the occasion and using his trusty razor dug the hook out of MacLean's back. At last, reports the patient is holding his own at the shoe shop.

Incidentally, the crew caught a few real fish, too.

SHOWERS

The resolution by the Upland PTA calling for a bond issue to build facilities at the Upland Junior High school is an another example that the community is very aware of the need for such facilities. While it is true that additional classrooms are also needed, we nevertheless agreed with that PTA resolution that "a physical education program without adequate shower facilities is a travesty."

We are aware that due to increasing demands on Upland schools more buildings are necessary to house additional students. At the same time, to conduct an active physical education program without showers is, as the PTA put is so well, "a travesty." Any future building program should include shower facilities if the real needs of the school are to be met.

SCHOOL PAGE

Our school page is back with us today and its all about the Upland Junior High school carnival which incidentally is the reason why we didn't have a school page Monday. The entire "Bijou" staff was so busy with the carnival that they just couldn't get the news written any quicker. We hope to be back on our Monday schedule again next week. Incidentally, you'll find a picture of the carnival queen and her court on the school page today, too.

WEDDING DATES

Two Rotarians who had "Let Me Call You Sweetheart" sung to them this noon because of wedding anniversaries were Orton Brady and Robert Nesbit. There seemed to be just a slight touch of a blush on both of their faces during the singing so apparently the memories of their youth, at least, are still with them.

GOOD MOVE

Oris Heinauer, who manages the Edison school Cub Scout softball team, has scheduled a game with the Upland Pirate Juniors for 10 a.m. Saturday at the Grove and Arrow diamond. Orie, who is active in civic affairs, says that with athletic competition such as this between youths of Anglo-American and Mexican-American descent will go a long way in bringing the two groups together.

SAM SCORES

Although our reports are incomplete, we understand Sanford Otterness is rapidly joining the ranks of Upland fishermen. He pulled in a few last weekend but unfortunately has no pictorial evidence to prove it.

Bicycle Damaged By Automobile

Lloyd C. Hunter, 866 North Third avenue, reported to police yesterday that a bicycle belonging to his son had been run over by an automobile while parked at the junior high school athletic field.

Mr. Hunter told officers that his son had parked the bike near the curbing on Eleventh street while engaging in a softball game at the field. Officers said the license number of the car involved had been obtained.

May Call for New School For Upland

The Upland school board Monday night went on record favoring a bond issue for erection of a new school building to serve the northeast portion of the city, replacing the Sierra Vista school which is to be abandoned.

District Superintendent Harold W. Cook was instructed by the board to contact the architectural firm of Marsh, Smith and Powell for a cost estimate on the new plant.

The estimate is to be submitted at the next board meeting on June 9.

Mr. Cook was also directed to communicate with the state department of education, division of school house planning, for a recommendation on a site, as required by state law.

Abandonment of the outmoded Sierra Vista building has been under discussion at board meetings for the past several months.

Extinguish Fire At Nursery

A fire which for a time endangered a lath house, but which was extinguished by the combined efforts of the state division of forestry, the Upland fire department and nursery workers occurred this morning at the Kramer Brothers nursery on East Foothill boulevard.

The blaze started, firemen said, in a pile of tar-coated metal drums piled near the nursery buildings shortly after 9:15 a.m.

The local department also assisted the state forestry yesterday in extinguishing a weed fire which occurred on Mountain avenue one block east of Mountain drive at 11:29 a.m. No damage was reported.

On Monday afternoon, local firemen were summoned to the Armstrong nursery on Seventh street east of Campus avenue where they also aided the state foresters in extinguishing a dump blaze.

CUB SCOUTS TO STAGE PARADE 2 P. M. SATURDAY

Clear the streets!

The Upland Cub Scouts, led by Police Chief Eugene L. Mueller, will stage a parade this Saturday at 2 p.m. down Second avenue just to remind people that the Cub "Golden Gloves" boxing tournament will be held at the Upland Elementary school auditorium May 23.

All Cubs have been asked by Cubmaster S. V. "Steve" Koester to gather at the Upland Woman's club promptly at 1:45 in uniform. A "surprise" both for the Cubs and spectators is promised.

125 Attend Elks Inaugural Ball

Opening the social season under new officers, the Ontario Elks led by Oris Heinauer of Upland, exalted ruler, held their inaugural ball at the Don Lugo ranch last night.

More than 125 attended, with Mr. and Mrs. Hiram Brown, vice-president of the California Elks association, as special guests.

The event, which was a dinner-dance, is the forerunner of many other social events planned by the Elks.

Candidates Ask For Support Of Chaffey Voters

The Chaffey school board election moved into high gear today with candidates issuing statements of their policies and asking for support at the election which will be held this Friday.

A significant move was the support thrown to Sanford Ballou by N. E. Trautman, retiring board member. While this endorsement was expected it was made officially for the first time today by Mr. Trautman.

(Mr. Trautman's support of Mr. Ballou was unofficially reported in The Upland News last Friday).

Bailey Speaks

Herbert S. Bailey, incumbent and president of the board, announced that he is seeking re-election because "many citizens of this district have said they are enthusiastic about Chaffey and believed the present board's policies should be supported and continued".

Two other candidates who on Monday charged that the superintendent dominated the present board and that a "minority rule" existed, again reiterated their statements today. Melvin C. Dinger and Mrs. Wilma G. Klepper also declared that they believed the board should make every effort to bring about the highest degree of morale among teachers, students and non-certificated employes.

Mr. Trautman who, after 15 years on the board has decided to retire, said that he felt Mr. Ballou was best suited to carry on the "continued progress and advancement at Chaffey."

"I have looked over the field (of candidates) and my choice is Sanford Ballou, because I believe he is peculiarly well-fitted for that job," Mr. Trautman declared. "He is a graduate of Chaffey and has

Apprehend Trio In Arkansas

Arkansas state police have reported the apprehension of three youths believed to be those who held up Zoe's service station at 304 East A street, Ontario,, on April 17, escaping with $111.

The trio, picked up in Malvern, Ark., admitted a "crime wave" of gas station and cafe robberies through nine western states, according to the Associated Press. During a trip from Detroit to Los Angeles last month the youthful bandits confessed to having stolen a car in Ontario and robbing a service station.

The abandoned car, a 1941 Buick sedan, was found in an orange grove on Fourteenth street in Upland as the climax of a wild chase through Ontario and Upland streets after the hold-up men had jumped a stop sign at Pleasant avenue and A street.

Cucamonga Club to Hold Steak Stag

Tickets for the steak dinner stag which will be held by the Cucamonga Service club May 22 are now available, it was announced today

The event is open to anyone in the Upland-Cucamonga area and is not limited to members of the club. Tickets may be obtained from Herbert Weldon, Jay Thrasher and William Hutton. Judge Hutton, as usual, will cook the steaks.

DIES

WASHINGTON, May 14 (AP)—John R. Sinnock, 59, designer of the present purple heart medal and the Roosevelt dime, died today in marine hospital, Staten Island, N. Y.

Disaster Unit Head Resigns

Mrs. Warren Wass, chairman of the disaster unit of the Upland Red Cross chapter for the past year, today announced her resignation from the chairmanship.

Her successor, who will take office at tonight's meeting of the group, is Joe Seitz. Mrs. Wass said she would continue in the capacity of vice chairman.

Tonight's meeting of the unit, which will be at the Upland fire hall, will be devoted to further development of plans for disaster aid.

Slate Tryouts For "Penzance"

"The Pirates of Penzance," Gilbert and Sullivan's rollicking comedy of the sea, will be the next offering of the Foothill Music association, S. Earl Blakeslee, general director, announced today.

Tryouts for singing roles in the show will be held beginning next Tuesday evening at the Chaffey college choir room in Civic auditorium.

Both principal and chorus positions are open, Mr. Blakeslee states. Solo parts call for mezzo-soprano, lyric-coloratura, soprano, contralto, tenor, baritone and bass-baritone voices.

Intensive rehearsals will be inaugurated immediately and additional steps will be taken for the organization of the orchestra.

Accord Seen On Road Bill

SACRAMENTO, May 14. (AP)—Blueprinting of a long range highway program for California is farther advanced today than at any time since a deadlock developed between the Senate and House over proposed tax increases to finance road improvements.

At the second meeting of the 10-man committee named to draft a compromise road plan, agreement was reached late last night on two major issues:

(1) That of gasoline tax moneys allocated to counties, 5-8ths would be for expenditure on state highways within cities and 3-8ths for county highways.

(2) That the 67.4 miles of freeways written into the Collier committee $2,800,000,000 bill in the Senate would be retained as a part of the state highway system providing means of financing is later agreed upon. Although these freeways in the Los Angeles and San Francisco-Oakland metropolitan areas were originally estimated to cost $260,000,000, their ultimate construction may not be on the elaborate scale first proposed.

Adult School To Hold Folk Dance

A folk dance festival sponsored by members of the Chaffey adult education folk dancing class will take place Sunday at John Galvin park.

Various folk dances performed during the year will be presented by members of the class, all in costume. Since the group is a member of the Southern California Federation of Dancers, exhibition dancers from Los Angeles will also be present for the festival.

Business Fees To Be Raised 25 Per Cent

A committee of Upland merchants and the finance committee of the city council have agreed to a general increase of 25 per cent in business license fees.

The agreement will be presented as an amendment tomorrow night to the ordinance which received its first reading at the meeting of the council May 2. The ordinance originally called for increases as high as 300 per cent and in some instances was based on the number of employes each business had.

It is understood that the amendment to be offered for its first reading tomorrow night provides for a flat increase of 25 per cent.

Representing the merchants at the joint meeting were William Gilliland, chairman; Sam B. Rowe, Owen Atwood and C. Dean Miller. The council finance committee consists of James E. Goodban, chairman; Paul Hottel and John Meek.

Bread Truck Overturns

A truck and trailer overturned this morning on Foothill boulevard west of Mountain avenue and its driver, Denis Joe Nicholson, Los Angeles, was booked on intoxication charges at city jail.

The accident occurred at about 12:25 a.m., police said. The truck, owned by a Los Angeles bakery, was proceeding east on the thoroughfare at the time of the accident.

No one was found at the scene of the wreck when officers investigated. Nicholson was later apprehended about one mile west walking along the highway.

Police said he admitted drinking and told them he had gone to sleep at the wheel. He was booked after failing to pass a sobriety test at police headquarters.

The wreck occurred about 1800 feet west of the Mountain avenue intersection.

The truck was found turned over on its left side.

Phone Strike All But Over

SAN FRANCISCO, May 14. (AP)—The National Federation of Telephone Workers' strike in the Far West virtually was ended today.

Agreement on settlement of the 37-day strike against the Pacific Telephone and Telegraph Co. was reached last night.

"This concludes," subject to the members' ratification, the whole NFTW strike in the Far West," said U. S. Conciliator Omar F. Hoskins in announcing the agreement.

Picket lines were withdrawn in San Francisco last night.

Shortly before the new agreement was announced, the United Brotherhood of Telephone Workers of Southern California, and NFTW affiliate, announced the end of its strike effective at 12:01 a. m. today. About 80 per cent of Southern California workers returned to work yesterday, telephone company officials said.

Close Los Olivos Branch of Library

Due to a sharp decrease in circulation, the Los Olivos branch of the Upland public library is being closed temporarily, according to Mrs. George West, librarian.

The decision to close the branch was made by members of the library board at a meeting last week and was accepted by the Housing authority Monday afternoon.

The clerks at the branch library will be used to aid work at the main library.

Lights Go Out In Ontario

Downtown Ontario was plunged into darkness at midnight last night when lightning struck a power company line.

Service was restored at 1:50 a.m., after an underground line was repaired by maintenance crews.

President Signs Bill Banning Portal Pay

Senate Passes New Foreign Aid Program

WASHINGTON, May 14 (AP)—The Senate approved today a $350,000,000 relief program for war ravaged countries of Europe and Asia.

The vote was 79-4.

It passed the measure after first refusing to go along with a House-approved slash of $150,000,000 in the amount asked by President Truman and the State department.

The Senate stand against a cut was by a roll call vote of 64 to 19. That means it will have to seek a compromise with the House.

While the legislation itself does not set forth the countries in which food and supplies will be distributed, Secretary of State Marshall has said they are Austria, Greece, Hungary, Italy, Poland, China and Trieste.

The bill is the second of two key multi-million dollar measures in the administration's foreign policy program.

Russ Want Dual Palestine State

NEW YORK, May 14. (AP)—Soviet Russia today delivered a vigorous attack on Britain's administration of Palestine and demanded immediate termination of the League of Nations mandate.

As one possible solution of the Holy Land problem, Russia recommended creation of a dual Arab-Jewish state.

The Soviet position was set forth by Deputy Foreign Minister Andrei A. Gromyko as the extraordinary session of the United Nations assembly moved toward final action creating an 11-nation Palestine inquiry commission.

Gromyko said establishment of a dual state seemed to be the best solution but if that could not be achieved Russia felt the next best plan would be partition of the Holy Land into separate Jewish and Arab states.

FIRST INDIA ENVOY

SAN FRANCISCO—Industrialist Henry F. Grady has been nominated as our first ambassador to India. Mr. and Mrs. Grady are shown boarding a train to Washington.

Speaks Against Exemption of Valley Project

WASHINGTON, May 14. (AP)—Senator Ecton (R-Mont.), chairman of the Senate irrigation subcommittee,, said today he did not see why Congress should be "excited" about speculation possibilities on California land.

During a hearing on a bill by Senator Downey (D-Calif.) to exempt the Central valley of California and two other irrigation projects in Colorado and Texas from the 160-acre limitation in the reclamation law, Ecton compared land price inflation to the current inflation in urban housing.

"If a man wants to pay $43,500 for a house worth $12,000 he will be contributing to speculation, but I don't see what we as legislators should do about it," he said. "People have just got to know better."

Ection also remarked that California, through its community property law, already has changed the 160-acre limitation in effect through the interpretation that husband and wife each can own 160 acres and receive project water for a total of 320 acres.

Asks Minimum Of 65 Cents For Workers

WASHINGTON, May 14. (AP)—President Truman signed into law today legislation banning portal pay suits and sent Congress a fresh request that it raise the minimum wage to 65 cents an hour.

In a message to the legislators, the President:

1. Emphasized that he was signing the portal bill because he believed it in "the interest of economic stability" that both business and the government be relieved the potential liability for billions of dollars. But he said there were defects in the measure and asked that Congress remedy them.

2. Asked again that Congress raise the statutory minimum wage from 40 to 65 cents an hour.

3. In effect, prodded business to reach wage agreements with workers and reduce prices.

Mr. Truman said that with uncertainty over the portal claims removed "current wage negotiations can proceed more readily to a satisfactory conclusion and businessmen will be able to plan with assurance for full production and price reductions".

"This," he added, "will be of real value to labor and management in the maintenance of a continued high level of employment."

More than $6,000,000,000 in suits were filed by unions for portal pay claims, but many of them have been withdrawn since the key case, brought by pottery workers at Mt. Clemens, Mich., was dismissed in Federal circuit court at request of the union.

The suits sought pay for time workers spent preparing for work. Some made claims for such things as changing clothes. Others were for sharpening tools and similar activities.

Mr. Truman said: "Some doubts have been expressed to me, concerning the effects of this legislation upon our wage and hour standards."

German Food Crisis Mounts

By the Associated Press

Hungry Germans in the American zone were reported shifting from stolid resignation to an "ugly mood of bitter resentment," and the situation in the British zone was described in London as gloomy and difficult as occupation authorities tackled the rising German food crisis today.

American observers found increased antagonism being expressed openly against the United States and the American military government. Officials said they sensed that the American zone's German political leaders had "little hope in the future".

As British Foreign Secretary Ernest Bevin met with his top advisers, an appeal went out from the British zone to Former President Herbert Hoover, telling him that the industrial Ruhr valley was threatened with chaos and starvation.

FRANKFURT, Germany, May 14. (AP)—Gen. Lucius D. Clay declared today that agitators would be jailed if they attempted to capitalize politically on the desperate German food crisis.

Tickets For Extravaganza Going Fast; Opens Friday

Ticket sales for the Extravanganza which will be presented at the Chaffey Civic auditorium Friday and Saturday nights are reported to be picking up rapidly, with more than half of the house sold for each night.

The box office at the auditorium is now open every day from 10 a.m. to 4 p.m. and those planning to attend are urged to get their tickets as soon as posible. Tickets, however, will be sold on the nights of the performance as long as they last.

In the final stages of intensive rehearsals are numerous specialty acts to be featured in the gala production. Over 200 students are putting the finishing touches on the routines that will be presented in the mammoth show. There are glamourous bathing beauties, a la 1900, presenting a captivating dance to the tune of "By the Sea" and "On the Boardwalk in Atlantic City." The ballet artists who take part in this act are: Kenny Litchfield, Don Lucas, Gilbert Beck, Bill L. Wolfe, Dock Parnell, and Bill Gear. This chorus group is athletic, if not aesthetic.

Giving Al Jolson's style a try in "Rock-a-bye Your Baby With a Dixie Melody" will be Bill Marks contribution to the show. The fantastic gyrations and capers of tumbling acrobats Billie Jean Jarrell, Darlene Johnson, Wanda Sexton, Dorene Dickey, Yvonne Jeffries, Dick Bailie, Danny Henry, and Frank Zavola provide zest and movement in their part of this musical comedy.

Variety of scene spices the Extravaganza presentation. Visualizing the New York Grand Central station, the New Orleans Mardi Gras, the Wild West, Palm Springs, and other Southern California playground locales allows a great amount of latitude in costuming and set displays. Personalities in the cast will run the

Quiz Generals In May Trial

WASHINGTON, May 14 (AP)—Justice Henry A. Schweinhaut today directed a verdict of acquittal for Joseph F. Freeman, one of three defendants on trial with former Rep. Andrew J. May on war fraud charges.

firm officials.

WASHINGTON, May 14 (AP)—Maj. Gens. James A. Ulio and Lewis B. Hershey testified today former Rep. Andrew J. May (D-Ky.) asked them about furloughs and draft deferments for the son and a friend of Garsson munitions

Ulio, retired Army adjutant general, told a jury the wartime House military committee chairman wrote to him to suggest a furlough home from the Pacific for Sgt. Albert Freeman, son of Joseph F. Freeman, Washington agent for the $78,000,000 Garsson combine. The May letter was placed in the trial record.

Possible Influenza Remedy Revealed

PHILADELPHIA, May 14 (AP)—A green and black soil mold that shows promise of furnishing a drug remedy for influenza was announced to the Society of American Bacteriologists here today.

There are vaccines for flu, but no drugs that specifically cure it. The mold shows some specific curative effect on chicken embryos and mice with influenza. It has not been tried on humans.

P.-T. A. Calls for Bond Issue to Provide Showers at Junior High

Declaring that "a physical education program without adequate shower facilities is a travesty," the Upland Parent-Teachers association, in a resolution directed to the school board, has urged that a bond election be held if necessary to provide funds for erecting a shower room at the junior high school.

The memorial, signed by Naomi E. Dier, P-T.A. secretary, was introduced at Monday night's meeting of the school board.

No immediate action was taken on the petition, with members declaring that a shower unit is but one of the needs of the school system, and should be considered along with other construction needs.

At the April board meeting, Architect Herbert estimated probable costs of constructing a shower room building at about $40,000.

Beauty CAN YOU BARE IT?

By BETTY CLARKE
AP Newsfeature Writer

This year's crop of spring and summer clothes are going to be bright and revealing. Everything, it seems, has been designed to a bare minimum. Bare shoulders and midriffs are being featured in many dresses. And a gal must accept the fact that even if she doesn't parade in semi-nudity to work or to market, she will have to face the issue when she plans her weekend and vacation trips.

Care of the shoulders shouldn't to be difficult—if you start now whipping them into shape. If you have put on some weight in the last few months and your upper arms are bulky, as well as your hips and waistline, you'll need to

skip the desserts and starches for a while. If necessary, add special exercises, lying flat and "thumping" fleshy parts against the floor.

To smooth your shoulders, start a nightly application of oil or cream after your soap-and-water scrubbing. And don't skip arms and elbows. A bleaching process such as lemon juice can help you make some headway with discoloration, but wielding the bath brush on these easy-to-forget spots is the best daily plan.

Invite Rural Women To Homemakers' Meet In San Bernardino

Rural women are invited to attend the homemakers meeting at the San Bernardino senior high school tomorrow by Mrs. Sara Mott, home demonstration agent of San Bernardino county.

To interest more homemakers in the opportunities they have to make tomorrow's home a better place to live, a full days program has been arranged by Mrs. Mott, Miss Anabelle Brakke, assistant, and Mrs. Max Kipf, chairman of the San Bernardino county home department.

The session begins at 9:45 a. m. and continues until 2:30 p. m.

school auditorium into a recreation room, and of the old cafeteria into two classrooms was advanced another step when the board authorized advertisements for construction bids.

Bids for the work are to be opened at the June 9 session of board. Wage scale for workers to be employed in converting the rooms was also adopted.

The resignation of Miss Mary Ru Anderson, teacher in the fourth, fifth and sixth grades at Sierra Vista school, was accepted by the board. Miss Anderson gave ill health as her reason for resigning.

Dinner Guests

Board members, their wives and husbands were guests of the school homemaking department at dinner proceeding the business meeting.

Partaking of the meal were Mr. and Mrs. Howard N. Mason, Mr. and Mrs. Allan S. Barr, Mr. and Mrs. Ralph T. Mitchell and Mr. and Mrs. Harold W. Cook.

Elect Smith President of YMCA Directors

Charles A. Smith Monday night was elected president of the board of directors of the Ontario YMCA at a dinner meeting held at the Y building.

Other officers elected at the meeting were Ernest A. Payne, vice president; W. J. Mehas, secretary and Charles N. Walker, treasurer.

Members of the nominating committee, who selected the panel of candidates, were Arthur A. Smith, J. S. Armstrong, Edward Middough, Ralph Andrews and Robert Bottoms.

Mr. Smith succeeds E. J. Sandford, who has been president of the board for the past two years. Expressions of appreciation for the services of Mr. Sandford were forthcoming from the members.

The remainder of the business session was occupied with the reading of committee reports on various matters pertaining to YMCA activities.

GETS CHEERFUL BANK NOTE

NEW YORK (AP) —Charles F. Porter borrowed $312 yesterday from the National City bank and along with the cash he was handed his note, marked "paid."

The puzzled borrower then learned that his loan included the billionth dollar loaned by the bank's 21-year-old personal loan department and writing off the loan was the bank's way of celebrating.

Former Uplander Dies In Pomona

David S. Denny, 80, former Upland resident, passed away at the home of his daughter in Pomona, early Tuesday morning following an illness of one year's duration.

A retired minister, the Rev. Mr. Denny has been very active in the work of both the Methodist and the Nazarene church in Oklahoma. Coming to Upland 19 years ago, he made his home at 744 East Ninth street until the past year at which time he moved to his daughter's home.

Survivors are his wife, Mrs. Emma Denny, Pomona; two daughters, Miss Noble Denny and Mrs. John Horsch, both of Pomona; two sons, Elmer L. Denny, of Creswell, Oregon, and E. M. Denny, Orange; nine grandchildren and two great-grandchildren.

The Rev. W. H. Burton, pastor of the Upland Nazarene church, will officiate at services 2 p.m. Thursday, at the church. Interment wil be at Bellevue cemetery.

School Affairs Here and In State Worthy of Serious Study—

Actually, there is some interest in the Chaffey board of education election that will be held on Friday; interest, at least on the part of teachers and close followers of school board activities.

Closest to the schools should be the parents. The general public should become interested, not only in Friday's election but also in local and state-wide educational matters. Most of the seven candidates are known to local residents. Each is more or less active in appealing for voters' consideration. Each, we are confident, is anxious to serve in order to contribute a service to the Chaffey schools.

Interest in school affairs should extend beyond the local district, especially now that the state legislature is taking such an active part in dealing with educational matters. Legislative committees are pointing criticism at the state board of education and the state curriculum commission on the grounds that subversive influences are apparent. On the other hand, there is a possibility factions in the legislature would like to take over the control and supervision of the public schools.

In the weeks and months ahead school affairs, local and state, are likely to take on greater prominence.

Lindbergh's 20th Anniversary Of Flight to Paris—

Regardless of what the world may think of Charles Lindbergh's personal and political views it cannot deny him his place as one of the most fearless trail blazers of the sky, one of the greatest aviators of all times.

It was 20 years ago this month that Lindbergh skyrocketed into fame by his 33-hour flight from New York to Paris. Since that occasion a lot has happened to Lindbergh and to aviation. The glory born of that famous flight has faded.

As for aviation, in 20 years flight across the Atlantic has passed from a spectacular event to a routine trip.

As time goes on the Lindberghs of the air come and go, each contributing his share to the advance of aviation and to the progress of the world. Men span the oceans today with confidence because the pioneers of yesterday did it with little more than courage.

a college background. He is a man who serves no special interest nor does he serve any special groups. I hope also to see Herbert Bailey returned to the board. You have to look a long time to find a better man."

Frank J. Biane, Ontario vintner, declared that "I have no axe to grind and I certainly have no intention of turning school affairs upside down". He said he had declared his candidacy "simply to fulfill the duty and responsibility of any citizen".

Another candidate, Ray R. Delhauer, feels that while "representatives of large business interests" and "professional groups have their place on the school board", there must also be a place for one whose "first interest is and has always been the welfare of the young people of the community". Mr. Delhauer was a member of the Chaffey faculty for many years.

The other candidate seeking one of the two places open on the board is William A. Kilby.

Upland voters will cast their ballots for both the Chaffey and Upland boards at the Upland Elementary school Friday from 7 a. m. to 7 p. m.

You Wouldn't Believe It

Mackenzie's Column

By DeWitt Mackenzie

Some alleviation of Germany's grave crisis—which is affecting all Europe—may be foreshadowed in the statement by authoritative sources in Berlin that American and British occupation officials have agreed on all major points, barring one which is unnamed, for the economic merging of the two zones.

Such a merger cannot, of course, overcome the damage done by the failure of the Big Four to frame a German peace treaty in the recent Moscow conference.

Every day which passes without economic unity of the four Allied zones of the Reich adds to the dangers hanging over a continent whose rehabilitation depends heavily on Germany's recovery.

DeWitt Mackenzie

The situation has become so bad that there is widespread malnutrition and in many areas actual hunger.

An AP dispatch from Solingen, Germany, a couple of days ago stated human figures as emaciated as those of Buchenwald inmates lie abed in the municipal hospital there—and in the hospitals of other Ruhr cities.

The head of the food and agricultural divisions of the American military government blamed "incompetent" German officials for the food crisis in the British and American zones, but he said the bread outlook would improve by the end of May.

However, the consensus of the experts is there can be no sweeping general economic improvement until there is economic coordination of the Russian, French, British and American zones, and along with that the establishment of German government.

However, guilty Germany is far from being the only country which is in the midst of a fierce economic crisis, coupled with the inevitable food shortage. Italy, France, England and many other European nations are having a hard struggle.

But what many folk, even in Europe, don't realize is that many of their ills have their roots in the German collapse. They have not yet grasped the basic fact that the Reich was the politico-economic heart of continental Europe, and that the body as a whole cannot recover until the heart is restored to health.

Apropos of this general position, the U. S. state department the other day published a statement made by Herbert Hoover to the Supreme council of the Allied and Associated powers just after the end of the First World War. It was an analysis which might have been made for the present occasion. Hoover—then relief director—declared that the Western hemisphere couldn't meet Europe's economic needs indefinitely.

"The populations of Europe," he said, "must be brought to a realization that productivity must be instantly increased."

Orange Prices Rise 15 Cents Box

LOS ANGELES— Orange sales for the week ending May 10 were approximately the same as the previous week but the price was about 15 cents per box higher. Both Southern California navels and Central California valencias were represented in the sales totals, with navels selling about 40 cents per box higher than valencias. Prices on California oranges are currently about one dollar per box below the high levels of last year at the same time.

RUSSIA'S "VOICE" HAS AN OXFORD RING IN THE U. N. COUNCIL

By LARRY HAUCK
AP Newsfeatures

LAKE SUCCESS, N. Y. — The "Voice of Russia" in the United Nations security council is a 40-year-old Englishman who never has set foot on Soviet soil.

Robert D. Hogg

To Robert Daniel Hogg, a graduate of Oxford, generally falls the task of interpreting the speeches of Soviet Deputy Foreign Minisster Andrei A. Gromyko, Russia's council delegate.

The bespectacled Englishman, one of the veterans of the N.U.'s staff of some 30 official interpreters, can speak eight languages, but it is his rendition of Gromyko's Russian into English which commands major attention.

Hogg considers Gromyko easy to interpret because of slow and precise language and clarity of thinking.

"We interpreters take a great pride in our work," Hogg said. "To do a good job we must sympathize with the views of the man for whom we speak. We must get the same feeling and force into the interpretation that he puts into his delivery.

"Why, sometimes I deliver speeches directed against my own government. But we must put aside personal feelings. To lose the force and logic of a delegate's address in interpreting would lessen its effect on listeners."

International interpreting is almost a science and comes easily only to those with an excellent memory, a thorough background in history and a command of languages.

Hogg jots down key words in a sentence. Then by following closely the trend of the speaker's thoughts and dipping into a vast personal background in international affairs, he is able to put the words into another language with an exactness that amazes.

Before a man or a woman starts, he or she must know English and French, the U. N.'s two working languages.. After that the interpreters pick up as many as possible.

Because of a constant shortage of competent interpreters, these specialissts never need worry about jobs. Their average salary in the U. N. runs around $6,000, tax free, plus allowances.

Final Rites Held

Final rites were held this morning for Mrs. Mary J. Roberts, 94, who passed away Monday at a rest home in Pomona.

Dr. Samuel Hughes, pastor of the church of which she was a member, officiated at services and interment at Bellevue cemetery, Ontario, followed.

Thomas Eugene Glass Dies in Claremont

Death following a long illness claimed Thomas Eugene Glass, 94, 835 Fifth avenue, at a rest home in Claremont yesterday afternoon.

A retired newspaper publisher, the late Mr. Glass came to Upland 10 years ago. His former home was in Battle Creek, Mich., where he was a member of the Knights Templar, the Elks, and the Masons.

Survivors are two daughters, Mrs. Philip B. White, Terrace drive, Upland, and Mrs. William Heath, Buffalo, N. Y.; a grandchild, Mary Cowley Heath, also of Buffalo.

Memorial services are to be held at St. Mark's Episcopal church Thursday at 4:30 p.m. conducted by the Rev. John A. Luther. Interment will be in Battle Creek. Stone's mortuary is in charge of services.

LONDON (AP)—A British government source said that Prime Minister Stalin had assured Foreign Secretary Ernest Bevin that Russia would remain neutral in Britain's dispute with Egypt over revision of the British-Egyptian treaty and the future status of the Sudan.

Bespectacled Ballplayers

DIZZY TROUT, Tigers — EARL TORGESON, Braves — BOB DILLINGER, Browns — BILL RIGNEY, Giants

B FRANK ECK
AP Newsfeatures Sports Editor

NEW YORK—Can you imagine what would he said if umpires wore glasses? Life would be unbearable for the man in blue who called balls and strikes wearing glasses behind the mask.

Yet above are four big league ballplayers, each with a slight defect in their vision. They see well enough with glasses to hold down steady jobs in the majors.

Good pitchers are measured by strikeouts against bases on balls, hits allowed per game and earned runs. Well, Dizzy Trout has fanned 818 and walked 661 in eight years with Detroit. He shows 115 victories and 98 setbacks and in 1944 he led American league pitchers with an earned run average of 2.12 per game.

In Bob Dillinger of the St. Louis Browns the American league has a third baseman who may give George Kell of Detroit a tussle for a plase in the All-Star game in Chicago, JJuly 8.

Dillinger last season hit .280 in 83 games as a rookie. This spring he is the talk of the circuit, having collected 27 hits in his first 16 games for a mark of .415.

The National league has a pair of classy infielders wearing "cheaters". They are Bill Rigney of the Giants and Earl Torgeson of the Boston Braves.

Rigney is one of the two bright spots on a Giant team that lacks pitching—the other, of course, is Johnny Mize.

Torgeson is one of many rookie first basemen in the majors this year, but the only one using glasses. He failed to hit the first week of the season but now appears to have lost the first year jitters.

Glasses a handicap? Not to these big leaguers.

Sport Slants

By BOB HOLT

They were short on quantity Saturday, but in quality they were tops.

"They," of course, refers to that record-smashing quartet of Chaffey cindermen who tallied 50 points for third place at the JC national track and field meet in Phoenix.

A performance like that brings to mind the tales they tell of "Pop" Warner and his old Carlisle Indian track squads of the early 1900's.

Warner won his chief fame as a grid mentor and inventor of the single wing, but he also had his moments on the cinder path.

A typical Carlisle track team consisted of about four or five members, seldom more. With those few men, Warner was accustomed to knock off the top schools of the east with monotonous regularity.

Perhaps the chief reason for his success was the presence for four years of Jim Thorpe, rated by many as the greatest natural athlete of all time.

In a normal afternoon, Thorpe could be depended upon to win every race from the 100 to the mile, toss the shot, discus and javelin and add the broadjump and high jump.

He usually scored more points single-handed than did all the opponents cinder stars, and won undying fame as decathalon champion in the 1912 Olympics at Stockholm, Sweden.

Timber-topper Darrell Kreitz, who lead all scorers in the Arizona shindig, is scheduled for a rematch with UCLA's Craig Dixon, his only serious West Coast rival, at the Los Angeles Coliseum relays on May 23.

Dixon bested the Chaffeyite by a whisker at the Santa Barbara relays, but had to break the meet mark to do it.

Negro star Harrison Dillard, who posted a 14.1 mark in the highs at the Drake relays, will also be entered.

—o—

The current home run sensation of the Pacific Coast baseball loop is Gus Zernial of the Hollywood Stars. We had the pleasure Saturday of sitting in on what James C. Dykes doubtless ferverently hopes may become a typical Zernial afternoon.

Against the Twinks' hated rival, the Angels, friend Zernial collected two home runs, a triple and one of the longest singles we've ever seen, a blow that was high off the wall in left field.

A powerfully built fellow with tremendous shoulders, Gus takes a free swing and a powerful cut. His first round tripper that day—off Paul Fleming—scattered the bleacherites in the centerfield seats some 420 feet from home plate. His second was so far over the left field barrier that the Seraphs' left fielder scarcely stirred from his tracks.

Zernial was purchased by Hollywood from the Cleveland Indians some thre weeks ago for a reported consideration of $6,500. If he can maintain his early slugging pace he's slated to be the new idol of Filmtown fandom.

—o—

Kenny Smith, who manages more ball clubs than you can shake a bat at, has an explanation for all the semi-pro slugfests that have been recorded this spring.

There are always more good hitters than pitchers in the game, Kenny explains. The greater number of professional leagues in operation this year (there are 53 in the nation, more than ever before) have skimmed off the cream of the twirling talent, leaving the semi-pro and amateur teams with plenty of hitters but fewer acceptable flingers. Ergo, the runners go round and round.

—o—

Johnny Baker, ex-SC grid great, who was scheduled for a visit to the Chaffey campus next Tuesday and Wednesday in connection with the Los Angeles Dons grid clinic, won't be making the trip.

Baker has been released by the Dons to accept a job as line coach for Denver university. His contract stipulates that he is to succeed the veteran Cac Hubbard next year when Hubbard moves up to become director of athletics.

Which raises anew the rumors that the Buffalos are due to burgeon out as a major football power in the next couple of years.

There has long been a strong sentiment in Denver for a major grid team, and this looks like their opportunity. The original plan, which may now be revived, is to drop their Mountain conference affiliation and go in for intersectional grid gigantics on a big scale. Baker's new job may herald the rise of another national pigskin power.

Rockets Meet Etiwanda Thursday, Play Pomona at Galvin Friday

Soft-ball fans will have a good chance to compare three of the contending teams in the strong American league, when the Ontario Rockets play Etiwanda tomorrow night at Etiwanda, and the new entry, Pomona, Friday night at John Galvin park.

With Jeff Benner yielding but one hit—a bunt single—the Rockets last night defeated Pomona Tile, 1-0 in a 7 inning game played at Washington park.

The Rockets scored in the third when Henshaw crossed the plate on Rex Hannah's triple.

After the red-hot battles the then-G. E. team and Frank Elena's Regina's staged last season, things will probably take up where they left off at the end of the past year. The Regina's still have powerful Glenn Kelley, outfielder, turned into catcher, Francis Johnson at short, Pomona's Bud Gray and Bobbie Lee, plus newcomers Jack Edingfield, Ed Temby, and "Red" Trenton, pitcher from Long Beach.

"Rocket Roy" Maxie is back and reported to be in tip-top shape, which means he'll be plenty hard to handle.

Friday night's game at John Galvin park wil give the fans their first chance to ogle the dark-horse of the league, Pomona.

"Shorty" Wade is master-minding the club. Not too much is known about the personnel of the team. Wade will have Grubbs on the mound, which means plenty to old-time softball addicts. Grubbs pitched last season for Long Beach, also tossing for the San Berdoo Generals once or twice

Former G. E. second-sacker Frances "Scooter" Mounie is now playing for Pomona. Other Pomona "names" are being kept sorta' quiet for the time being.

Both games are scheduled for 8 p.m.

Merchants Rattle Boards for Win

The Ontario Merchants Monday night registered their 26th consecutive semi-pro triumph in a merry-go-round ball game with the Corona nine, 18-4.

Darrell Glenn, his Chaffey Panther choes over for the season, took the mound for Kenny Smith's nine and stayed three innings. Forrest Kennedy succeded him and shut out the visitors in the last four frames of the abbreviated contest.

The Smithmen had three five-run innings in the first, fifth and sixth.

They play again Sunday, meeting the Highland Park Ramblers, Los Angeles outfit at 2:30 p. m. The Ontario American Legion club will play the San Bernardino Legion in the curtain raiser starting at 12:30.

The Score—		R.	H.	E.
Corona	211 000 0—	4	5	4
Merchants	502 155 vx—18	15	2	

Batteries—Parks, Childers and Bales; Glenn, Kennedy and Morgan.

Jaime Hero In Oriole Win

By the Associated Press

Ontario won from Las Vegas, 13 to 4, in a game stopped by rain at Ontario at the end of the sixth inning. The Orioles collected 17 hits, pitcher Clarence Jaime getting two doubles and a single as he fanned five and held the Wranglers to seven hits.

The Wranglers and Orioles tie into each other again tonight at Galvin. Manager Neut Kimball of the visitors has nominated Ned Klingensmith as his hurler. Reagan says he'll start either Frank Bruno or Morry Encinas. Game time is 8 p.m.

ON TRUST DUE

INGLEWOOD, May 14 (AP)—On Trust, California-bred colt, fourth in the Kentucky Derby and second in the Preakness, was slated to arrive by air today for the coming racing season at Hollywood park.

TO AIR CHARGES OF FIGHT "FIX" BEFORE COMMISSION SATURDAY

LOS ANGELES, May 14. (AP)—It looks like the California Athletic commission may be in for some lively discussions when Chief inspector Willie Ritchie appears before it here Saturday.

The one-time world lightweight champion has announced he plans to present "an affidavit signed by a boxer that he participated in a fixed fight in 1939."

Chairman William P. Haughton said he planned to question Ritchie respecting the matter. In 1944, Ritchie instigated a legislative inquiry into boxing conditions in the state but the committee, after hearings, ruled out his charges for lack of evidence.

The commission also expects to act Saturday on an application for a bout here June 3 between Enrique Bolanos and John Thomas, lightweights, and Crooner Frank Sinatra's promotion of a June 23 heavyweight match between Joe Walcott and Joey Maxim.

First Round Completed In Cup Match

First round in the annual president's tournament at the Red Hill Country club is over today and the undefeated golfters are pointing to the second round of matches.

The results follow the winner listed first, his opponent and the score:

Craig Williamson, Wesley Bossom, 5 and 3; Harry Wright, Jr., Frank Backman, 1 up; Henry Magill, Elmer Hoel, 1 up; Dr. C. R. Brissman, Milton Davenport, 2 and 1; Dr. C. S. Coltrin, C. C. Denio, 2 and 1; Gillis Carter, Bob Allen, 2 and 1; Cal Shores, M. K. Smith, 1 up; Clyde Duncan, James Pittenger, 3 and 2;

Joe Hinds, Will Hull, 2 and 1; Jack Walling, A. J. Currey, 4 and 3; Warren Harmon, C. E. Stewart, 1 up; Nellis C. McNeil, Hugh Whaling, 5 and 4; A. Moertel, Reg Cawsey, 2 up; V. H. Ewing, Judy Tosha, 1 up; Bud Taylor, Bert Hogan, 2 up; Arthur Hargraves, Roy McGrew, 1 up, 20th hole.

A's Enjoy Win Streak

Hats off to Mr. Connie Mack, the grand old man of baseball.

The 84-year-old gentleman, now in his 47th year as manager of the Philadelphia Athletics, is quietly answering his critics by giving the Athletic fans the best brand of baseball they have seen in more than a dozen years.

His much-maligned Mackmen have won six or their last eight games, including a 7-6 conquest of the mighty Bob Feller and the Cleveland Indians last night.

The Red Sox continued their upsurge by winning their seventh game in their last eight starts, trampling the Chicago White Sox 19-6. Ted Williams made two of the Red Sox' 18 hits, both homers.

Aided by four home runs, three of them in succession in the sixth inning by Charlie Keller, Joe Dimaggio and Johnny Lindell, the New York Yankees opened their home swing with a 9-1 triumph over the St. Louis Browns.

Led by their first base rookie sensation, Earl Torgeson, the Boston Braves defeated the Chicago Cubs 7-4 to move within a half game of the National league leading Bruins. Torgeson hammered in five runs on two doubles, a single and his eighth homer of the season.. Southpaw Warren Spahn, although needing the help of Anson Karl in the sixth, was credited with his fifth win.

WINS STAKES

NEWMARKET, Eng., May 14 (AP) — Blue Train, King George VI's hope to win next month's Epsom derby, won the mile-and-quarter Newmarket stakes by four lengths today.

Tigers Sustain Seventh Loop Loss; Bow to Cards

The San Bernardino Cardinals made the most of one big inning, the sixth, to score three runs yesterday and defeat the Chaffey Tigers, 4-3 in a CBL league game at San Bernardino.

The Berdoo victory left the Cardinals and Pomona—who beat Riverside—in a tie for the lead. Redlands collared Colton 11-2 in the day's third contest.

The game was primarily a pitchers battle between Claypool and Bill Gear of the Tigers. The San Bernardino ace had one the better of the hits, 9 to 8. Gear's control was well high perfect, as he passed no one.

Chaffey did all their scoring in two frames, the fifth and seventh. They had a pair in the latter inning when Graham and B. H. Wolfe rode home on Crabb's one base blow. A golden opportunity for more runs was lost when Bradshaw and Arnold Feldman fanned, leaving Beck and Crabb stranded on the sacks.

A triple, two singles, one error and a long outfield fly accounted for the three San Bernardino runs in the sixth, which provided the margin of victory.

With Claypool bearing down, Chafey was unable to get a man on base in the last two innings.

SOME FORESOME!

WASHINGTON, May 14 (AP)—It probably will be the most unusual foursome in golf history.

For, come Saturday, Bing Crosby, Senator Taft (R-Ohio), Hildegarde and baseball commissioner A. B. Chandler will tee off together.

They're playing in the national celebrities golf tournament.

And so are two supreme court justices, three cabinet members, Bobby Jones, Gen. Dwight Eisenhower, Walter Hagen, Gene Tunney, Carl Hubbell, Jack Dempsey and—if he can make it—Babe Ruth.

The tournament is to raise money for children's sports in a drive to combat juvenile delinquency.

Frankie Albert

Negotiations between the Los Angeles and San Francisco clubs of the All-America professional football conference are "dead," as far as the local club is concerned, over obtaining Quarterback Frankie Albert in a trade.

Panthers Point For Fresno

The same quintet of Chaffey Panther track stars who grabbed third place at the Phoenix JC meet last Saturday, will head for Fresno this week-end for the annual Fresno relays, one of the West Coast's big track events.

Tom Hayes, broad jumper, may not make the trip, Coach Pop Kegley said. Hayes has been plagued by an injured foot.

Hurdler Darrel Kreitz is due to take the jaunt, along with Lou Blanc, Braun, Phillips and Nicholson.

Carnival at Upland Junior High Proves Big Success

Crowning of Queen Main Event; Proceeds Way Over $1000 Goal

By NANCY NICHOLSON

The May carnival held at Upland Junior High last Friday night was voted an overwhelming success by all attending.

The proceeds, $942.43, helped the student body to go well over the thousand dollar mark in its campaign to raise money for resurfacing the basketball court.

The main event of the carnival was the crowning of Muriel Thompson as Campus Queen. With flood lights lighting the scene on the east balcony, Richard Naisbitt, Upland's student mayor, placed the crown on the queen's head.

The beautiful and gracious queen was attired in a white formal. Muriel (Murt to all her friends) was attended by Princesses Shirley Martin and Barbara Brest.

Picks Winners

Following her coronation the queen picked the winners before the anxious crowd. The winners overjoyed with their good fortune were Mrs. Abe Kisner, Neal Van Dorin, Mrs. J. W. Flocker, Robert Neville and Mrs. John Andreas.

A special performance was presented by Miss Dorothy Williams' dancing studio. The show was guaranteed to bring the crowd up-to-date on modern dancing. A moving picture showing life in the San Diego zoo was shown to an appreciative audience.

Another highlight of the carnival was the amazing program put on by the magician, Darwin Brest. He had just about everything except the school building disappear.

Auction

An enthusiastic and hungry group attended the auction of luscious cakes and pies donated by mothers and students. The jovial Mr. E. T. Hamilton, whose tallents at auctioneering are famous at U. J. H., sold the pastries to the responsive crowd.

The outdoor booths were gaily decorated with crepe paper and colorful signs. They were managed by parents, who were dressed in bright costumes.

The many varied booths included penny pitch, dart throws, fishpond, marshmallow throw, beanbag toss, and bingo.

One of the most popular spots was the hot dog stand, which featured the "little dog with the big bite". Coffee, lemonade and orange juice were served by the hard-working students.

Many Articles

An old-fashioned country store was set up in the cafeteria. It displayed items made by the Jr. Hi art classes and students. Donations from the merchants of Upland were also sold.

Credit should go to the many parents, students and teachers who helped to make the carnival a riproaring success. It was agreed by all that the carnival should be an annual event, bringing its fun and usefulness around each year.

QUEEN MURIEL THOMPSON AND COURT

Generosity of Upland Merchants Praised by Junior High Students

By BETTY OLVEY

I never knew there were so many generous people in Upland. If every other community was as friendly and cooperative the world would be a much nicer place to live in. From the smallest grocery store to the largest department store the donations came pouring in.

The markets that gave everything from noodles to pork and beans were: Snowden's, Martinez, Walker's, Arrow, Safeway, Central, Rahms, Jewel's, Booth's and Lee's.

The stores that contributed to the booth prizes were McFadden's, McKeen's pharmacy, Cornet's, Colborn's, Scott's jewelry, Gage Beauty shop, Stocker furniture, Upland feed store, Chapman's novelty shop, Smoke shop, Men's Clothing store, Atwood's, Western Auto, Duke's, Harris prarmacy, Rowe's hardware, Cas' Malt shop, Logan's candy, Harnish dry goods, Huxtable's pharmacy, Swannie's, Alex Fader, Palmer's, Jeanne's dress shop and Fuller paints.

Gilland's nursery presented a tiger orchid corsage to Muriel Thompson, carnival queen. Her attendants, Barbara Brest and Shirley Martin, were given corsages of pink gladiolas.

Of course a carnival wouldn't be a carnival without those delicious "hot dogs". More than 500 hot dogs were donated by Martinez markets, Arrow market, Walker's market, Central market and Danner's bakery donated many buns.

Piping hot coffee was served and the cream used in it was donated by Allura Farm dairy, Engle's dairy, Shady Grove dairy, and Kough's dairy.

Other thirst quenchers were pink lemonade and California's prize orange juice. The oranges and lemons were whole-heartedly given by the Blue Goose and Upland Heights packing houses.

These gifts were received with great appreciation by all the students of junior high.

Glee Club Sings For P.-T. A. Group

A musical program was presented to the Parent-Teachers association today by the Ninth Grade Glee club and the orchestra. This was the glee club's tenth program.

The numbers sung by the glee club were; "I Heard a Forest Praying", "Old Man River", and "Smoke Gets In Your Eyes". The orchestra's selections were "Aida", "Still as the Night", and "Ay, Ay, Ay".

The glee club and orchestra are under the direction of Miss Ann Crandall.

Tabulations Show Carnival to Be Great Financial Success

By EVA OKAMOTO

The carnival was a great success.

The proceeds amounted to $942.43. The performances by Dorothy Williams' Dance studio, the hot dog stand, and the bingo booth brought in the most money.

The ham brought $110, while the lamp brought $163. The performances by the Dorothy Williams' Dance studio brought in $87, while the bingo booth received $59. The hot dog stand and the lemonade stand took in $102. The proceeds from the dart booth amounted to $36. Twenty-three dollars were received by the marshmallow throw booth.

All the other booths, which included the fish pond, the penny-magic mirror, the magicians, Urp and Burp, the movie of the San Diego zoo, and the farmers' market brought in the remaining part of the final proceeds.

Thanks to the merchants of Upland and the cooperation of the students and their parents which resulted in our great success!

VFW To Have Team

Another entrant in city softball, composed of members of the Upland post of Veterans of Foreign Wars, is in the offing.

Decision to sponsor the team was made Tuesday night at the regular meeting of the organization at community hall, Parkside.

All overseas veterans who would like to play on such a team are invited to attend the next VFW meeting to be held at the same hall at 8 p.m. on Tuesday evening, May 20.

Nothing Yet On Track Finals

They still didn't know at Chaffey this morning who's going to run Saturday at the Southern California finals at Oxnard.

Entries in that meet are determined on comparative times, and cannot be determined until the results of the Long Beach meet, postponed by rain, are received.

Boys Beat Girls, 33-5

By CHARLENE RIGGS
Sports Editor

The ninth grade girls' and boys' P. E. classes matched skills in a rip-roaring softball game. The event took place after school Wednesday.

The girls played valiantly but went down to defeat, 33-5.

Some of the outstanding players on the boys' team were Bob Graham, Rudy Valadez, Richard Naisbitt, and Willy Richardson.

Other games are scheduled for the future.

Hat Blows Off, Police Finds The Prowler

CHICAGO (AP) — Just when Detective John McCarthy was giving up the search for a reported prowler at a housing project his hat blew off.

Flashlights of three fellow officers probed the darkness until the beam of one finally centered on the hat in a corner of the building. Also standing in the light was the prowler.

That was a brand new Easter hat," said McCarthy. "We just had to find it."

UNRRA AND ITALY JOIN TO FIGHT DREAD EYE DISEASE

AP Newsfeatures

ROME—UNRRA and the Italian government, already allies in a war on malaria, have now joined forces in an all-out offensive against trachoma, the dread eye disease that threatens almost a million Italians with blindness.

A five-year plan, to be financed from the lire fund built up out of local sales of goods UNRRA has imported over the last 15 months, seeks eventual eradication of the malady in parts of Italy where it is not endemic, and its reduction in 25 provinces where it is endemic to controllable levels.

UNRRA estimates that 934,000

Secret Desire of Carnival Queen Is To Be Ice Skater

byy GINA CUNNING

Muriel Thompson was crowned queen of the Junior High carnival last Friday night. Muriel, whose nickname is "Murt", was very thrilled and surprised over being elected queen by the student body.

Muriel is 13 years old and was born July 17, 1933, in Los Angeles. She received most of her schooling in Claremont and since coming to Upland has enjoyed U. J. H. very much.

Getting down to her private life, Murt's secret desire is to be a professional ice skater. Music and ice skating are her hobbies.

"Nancy" rates tops with Muriel as a comic strip character. In the sports line, she goes in for tennis and plays a heated game. She chooses spaghetti as her favorite dish.

Murt goes in for dramatics in a big way and does excellent acting in the school plays. In her opinion Glenn Ford and Bette Davis are the best actors in Hollywood.

Muriel resides with her parents at 840 North Euclid avenue.

They are New Hampshire, Rhode Island, Illinois, Vermont, Massachusetts, Michigan and Alaska. In addition, New York has a bonus plan awaiting ratification and New Jersey pays $500 to blinded veterans.

COOKING HINT

FOR A CLEVER "crabapple" garnish, roll coarsely grated yellow cheese into 1-inch balls. Stick a whole clove in one side and insert the stem end in the other. Then dip one side of the "crabapple" in paprika.

HOUSEHOLD HINT

THIS IS a hint worth remembering when packing lunches for school or picnics. Buy some large sized capsules from the drugstore and use them for individual portions of salt, pepper and sugar.

RECIPE

PEANUT BUTTER—EGG SALAD

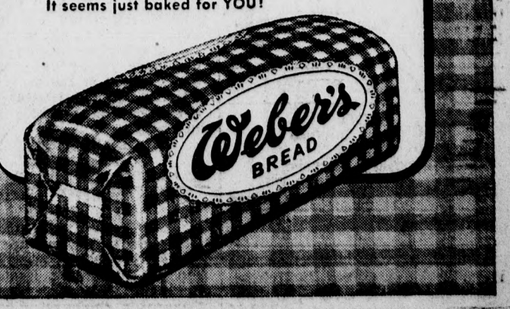

¼ c. peanut butter — Mayonnaise
6 hard-cooked eggs — Lettuce

Cut eggs lengthwise and remove yolks. Combine with yolk, the peanut butter and mayonnaise, using just enough mayonnaise to moisten. Fill whites with mixture. Lay on shredded lettuce and top with teaspoonful of mayonnaise, then sprinkle with paprika.

• LEGAL NOTICES

RESOLUTION OF INTENTION NO. 770

Resolution of the City Council of the City of Upland Relative to the Proposed Annexation of Certain Territory to the City of Upland.

WHEREAS, on the 17th day of April, 1947, the City Council of the City of Upland, a municipal corporation, in the County of San Bernardino, State of California, received a written petition asking that certain territory therein described, to-wit:

That territory particularly described and bounded as follows: BEGINNING at a point on the center line of Foothill Boulevard and the east line of Benson Avenue; thence West along the center line of Foothill Boulevard to a point 1200 feet West of the intersection of the center line of Central Avenue and the center line of Foothill Boulevard; thence North on a line parallel to Benson Avenue to the South line of 16th Street; thence East along the South line of 16th Street to the East line of Benson Avenue,

be annexed to the City of Upland; and

WHEREAS, said petition bears the signatures of more than one-fourth, in number, of the qualified electors residing within the said territory as shown by the registration of voters of the County of San Bernardino, in which said county said territory is located; and

WHEREAS, the said petition bears an affidavit, made by the persons who circulated the same, wherein said circulators swear that the signatures thereon are the signatures of the persons making them and that the same were all made in their presence; and

WHEREAS, on the 8th day of April, 1947, there was filed in the office of the City Clerk of the City of Upland a copy of a NOTICE OF INTENTION TO CIRCULATE said annexation petition, which said notice was accompanied by an affidavit of the publication thereof in The Upland News at least twenty-one days before said petition was circulated; and

WHEREAS, said notice of intention to circulate said petition contained the names of the proponents intending to circulate such petition and the specific boundaries of the territory proposed to be annexed; and

WHEREAS, within ten days after the date of the publishing of said notice a copy thereof, accompanied by an affidavit of the publication thereof, was filed with the City Clerk of the City of Upland;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Upland that it is the intention of the City Council of the City of Upland to call a special election and submit to the electors, residing in the territory described in said annexation petition and in this resolution, the question whether such territory shall be annexed to, incorporated in and made a part of such City of Upland.

AND BE IT FURTHER RESOLVED that such territory proposed to be annexed to the City of Upland, which is specifically described as follows, to-wit:

That territory particularly described and bounded as follows: BEGINNING at a point on the center line of Foothill Boulevard and the east line of Benson Avenue; thence West along the center line of Foothill Boulevard to a point 1200 feet West of the intersection of the center line of Central Avenue and the center line of Foothill Boulevard; thence North on a line parallel to Benson Avenue to the South line of 16th Street; thence East along the South line of 16th Street to the East line of Benson Avenue,

shall be designated and known as Upland Annex No. 5; and

BE IT FURTHER RESOLVED that any and all persons owning real property within said territory and having any objection to the proposed annexation may appear before the City Council of the City of Upland on the 23rd day of May, 1947, in the Council Chamber in the City Hall in said City, at the hour of 8:00 o'clock p. m. of said day and show cause, if any they have, why such territory should not be annexed to the City of Upland. At any time, not later than the hour set for hearing objections to the proposed election, any owner of property within said territory may make written protest against the proposed election; and such protest must contain the names of the owners of the property affected thereby and the location and area thereof;

BE IT FURTHER RESOLVED that if it be found that protest is not made by owners of a majority of the separate parcels of property within said territory, said City Council will call an election and submit to the electors residing within said territory the question whether such territory shall be annexed to, incorporated in and made a part of the City of Upland.

I HEREBY CERTIFY THAT THE FOREGOING RESOLUTION was duly passed and adopted by the City Council of the City of Upland, at a regular meeting thereof held on the 1st day of May, 1947, by the following vote, to-wit:

AYES: Goodban, Hottel, Meek, Sherwood, Nisbet.
NOES: None.
ABSENT: None.

HAZEL M. CASSEL,
City Clerk

Approved this 1st day of May, 1947.

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Board of Trustees of the Upland Elementary School District of San Bernardino County, hereinafter referred to as the "Owner" will receive up to, but not later than 7:00 o'clock P. M., Pacific Standard Time, of the 9th day of June, 1947, sealed bids for the award of contract for the construction of the Music Room, Classroom and Exercise Room Addition to the Upland Junior High School. Such bids shall be received in the office of the "Owner" in the Upland Junior High School, Upland, California, and shall be opened and publicly read aloud at the above stated time in the office of the "Owner" in such building.

Each bid must conform and be responsive to this invitation, the plans, specifications, and all the other documents comprising the pertinent contract documents. Copies of the Contract Documents are now on file and open to public inspection in the said offices of the Owner, and of Marsh, Smith & Powell, Architects, located at 516 Architects Building, in the City of Los Angeles, in said County and State and may be obtained at either place without deposit. Contract Documents shall be returned in good condition within five days after the bid opening.

Each bid shall be made out on a form to be obtained at either of the said offices in which the Contract Documents are on file.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or satisfactory bid bond in favor of the Owner executed by the bidder as Principal and a satisfactory surety company as surety, in an amount not less than five per cent of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the Contract if it be awarded to him in conformity with the Contract Documents and will provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the bidder.

The owner reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding.

Pursuant to the Labor Code of the State of California, the said Board of Trustees has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contracts which will be awarded the successful bidders; and these prevailing rates are contained in said specifications adopted by the Board, and are as follows:

Classification—	Rate Per Hour
Carpenters, journeymen	$1.90
Electricians	2.00
Glaziers	1.35
Iron Workers, ornamental	1.775
Laborers, general or construction	1.35
Lathers (6-hr. day)	2.00
Painters, brush	1.75
Painters, spray	2.00
Plasterers (6-hr. day)	2.00
Plumbers	2.00
Floor Layers	2.10
Window Cleaner	1.50

Except as noted in the wage schedule, the rates of per diem wages for each of the various classifications of work shall be the hereinbefore set forth prevailing rates of hourly wages multiplied by eight (8). Eight (8) hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight (8) hours per day, the per diem wages shall be deemed to be that fraction of the per diem wages herein established that the number of hours of employment bears to eight (8) hours.

Overtime shall be paid for work performed in excess of the regular days or week's work and at the rate for overtime of the craft involved.

Holidays as herein referred to shall be deemed to be New Year's Day, Decoration Day, Independence Day, Labor Day, Armistice Day, Thanksgiving Day, and Christmas. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all subcontractors under him to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bidder may withdraw his bid for a period of 30 days after the date set for the opening of bids.

This Is No Circus, Horse Decides

COOTAMUNDRA, Australia — (AP)—A cart horse which saw an elephant for the first time in this country town of southeastern New South Wales dropped dead in the main street.

The horse, tethered to a post, shuddered and collapsed as the first elephant in a circus parade passed by.

Later motorists and motor cyclists were sent out by Secretary Ted Williams of the local Diggers' Race Club to warn horse trainers of the elephant danger.
